Masks

Just a reminder that the **Transportation Security Administration (TSA)** has extended the face mask requirement for individuals across all transportation networks throughout the United States, through **March 18th, 2022.** This includes ENOA Rural Transportation since we are a public transportation service.

Everyone who utilizes our service is required to wear a face mask at all times while in the vehicle. Masks must be worn properly, over both the nose and mouth. Your continued cooperation is greatly appreciated and will help to ensure the safety of everyone in the vehicle.
